

Update Notes for version Prog 8.3 & Boot 5.0e

This update needs files to be run in the correct order.

- 1) Put the PE into update mode by pressing HPF button while powering on.
- 2) Play in the file PE_Boot_v50e_Build6.SYX
- 3) After the 'Update Successful' message press and hold the HPF button and turn the PE off and then on
- 4) Play in the file PE_Prog_v83_Build6.SYX. This is a large file and will take a while to load.
- 5) Cycle the Power again
